Resume Profile

My enthusiasm for learning led me to attend a full-time immersive program for Full-Stack Web Development. I am looking for a company where I can utilize my newly cultivated tech skills to help clients and customers fulfill their needs, and continue to learn about web development.

Skills

Spanish	React	.NET
HTML	SQL	Slack
CSS	Axios	Wordpress
JavaScript	C#	PostgreSQL

Experience

Full-Stack Web Developer at Suncoast Developers Guild (Apr. 2019-Jul. 2019)

Travelingo: https://travelingo1.herokuapp.com/
Built the API with C# on a .NET framework. Front end build on a React app using Hooks as well as State. Helps to discover new people and places where your language is spoken.

Minesweeper: https://minesweepa-allamallan.netlify.com/
Used fetch to make Get and Post requests to an API on a React app

Rick and Morty: https://rick-nmorty-allamallan.netlify.com/
Used Axios to make Get requests from an API on a React app, incorporated Hooks and React-Router-Dom to dynamically manipulate URLs

Freelance Web Development (Sept. 2019-Dec. 2019)

Q-Anonjewelry: https://q-anonjewelry.com/
Built an online jewelry store for a client using Wordpress. Integrated PayPal, QuickBooks, and ShipStation.

Window Installer with Family Tradition Installation (Dec. 2017-Sept. 2018)

Completed window removals and installations, collaborated with coworkers to achieve success. Provided exceptional customer service by answering questions and addressing concerns

Education

Suncoast Developers Guild - 2019
Certificate for Full-Stack Web Development
SDG is a completely immersive web development program with a curriculum that focuses on HTML, CSS, Javascript, React, SQL, C# and .NET Framework. During the program, I uncovered new languages and frameworks, and I am eager to expand my knowledge and continue to increase my development skills.

Tarrant County College - 2017 - Associate of Arts Degree
